Getting Better Blowjobs from Women

Women are not good at giving head.

If you want better blowjobs from women, and who wouldn't, then you have to teach them.

Tell them, in detail, what you want. And tell them while they're doing it.

If you want it slower, then say, "Go slower." If you want it deeper, then say, "Go deeper." Whatever you want, you have to guide them.

Soon they know how to please you.
